

## MEDIA RELEASE

July 10, 2018

### **Boil Water Notice - Summerland Water System**

The District of Summerland is notifying all users of the Summerland Water System that there has been an unexpected issue at the Water Treatment Plant which requires a **BOIL WATER NOTICE** to be issued.

The District of Summerland and Interior Health advise users to bring water to a rolling boil for at least one minute prior to consumption or to use an alternate safe source of water. This includes food preparation, teeth brushing and any consumption of water.

Residents will be notified when the Boil Water Notice has been lifted.
