

POLICY STATEMENT AND REGULATIONS

Number 100.21

MUNICIPAL FLOAT VEHICLE

Policy Objective

To establish the responsibilities for the use of a municipal vehicle as a parade float.

Policy:

In the event that the District authorizes the use of a municipal vehicle for use as a parade float, the District will be responsible for:

1. Providing public liability insurance for the vehicle in the amount of \$2 million.
2. Maintaining the mechanical condition of the vehicle.
3. Paying the costs of fuel for the operation of the vehicle.

Community Groups using the float shall be responsible for:

1. Ensuring that the vehicle is used only for parade purposes both in and outside of Summerland.
2. Ensuring that all drivers of the vehicle have a valid BC Driver's License while operating the float vehicle.
3. Ensuring that the driver(s) of the vehicle obey all of the laws of British Columbia and that they pay any fines they receive related to the operation of the vehicle.
4. All costs related to the transformation of the vehicle into a float.
5. Ensuring that the float is roadworthy when transporting the float on roads both in and outside of Summerland.
6. Ensuring that the float reflects positively on the District of Summerland.
7. Ensuring that the float is returned in proper condition and that all defects are reported to the District of Summerland.
