

Water Restriction Bylaw – Special Permit

The following shall serve as a special permit to water newly seeded lawn or new sod in the District of Summerland as per Bylaw No. 2000-170, a bylaw to prescribe Water Restrictions. Regular watering restrictions apply to all other areas of the property. This permit is subject to the following conditions:

- This permit allows the new lawn to be sprinkled outside of permitted days but **within the Restricted Hours**.
- New sod may be sprinkled for twenty-one (21) days after installation and newly seeded lawn may be sprinkled until growth is established or for 49 days after seeding, whichever is less.
- The permit must be clearly displayed at the premises for which it is issued.
- Subsequent permits may or may not be issued.
- Permit will **not be issued or valid during Stage 4**.

Violation of the above terms and conditions will result in the permit being revoked and may result in fines.
