IDENTIFICATION OF DISTRICT VEHICLES AND EQUIPMENT

POLICY OBJECTIVE

To ensure that all District owned vehicles and licensed equipment are clearly identified.

POLICY

1. All vehicles and equipment shall be clearly marked with the District logo, the vehicle number, and the Department or the Division name so that they are easily identifiable.
2. The Works and Utilities Department will be responsible for purchasing and affixing identification.
3. On call vehicles shall be clearly identified.
4. Fire Department vehicles and firefighting apparatus may substitute the District decal with the words "Summerland Fire Department".
5. Magnetized identification or other types of easily removable identification are not permitted unless the identification is required for a temporary re-assignment of the vehicle for a short duration of time.
