Changes to Curbside Collection Due to Wildfire

The Summerland Landfill Compost Site was partially damaged by the Bald Range Wildfire. The electrical lines and compost equipment will need to be repaired before it can accept food scraps. No exact timelines are available as to when the compost site will be fixed. This site composts food scraps for all residential homes in the District of Summerland.

For the time being **garbage will be collected weekly.** Temporarily **food scraps must be placed in the garbage cart** and not be placed in the green cart. Collection will be weekly on the designated day of collection for your property.

Green carts should only be used for leaves, branches, grass and prunings. Green carts will now be collected every two weeks on the opposite week of recycling. If food scraps were placed in the green cart before the Wildfire then no need to remove.

Subject to Change as Repairs are completed

Temporary Curbside Collection Calendar Aug 2026—Dec 2026

October 2026
