RFP-2019-08

SUMMERLAND REMOVAL AND REPLACEMENT OF THREE (3) PLAYGROUNDS

Addendum No. 1 consists of: Questions and Answers

The RFP documents for this work are revised as noted herein. All such revisions become a part of the work and shall be included in your Proposal. No consideration will be allowed for extras due to the Proponent not being familiar with this Addendum.

1. Reference: Answers to Questions Received:

The following are answers to the questions received:

Q01	What is meant by “three (3) separate sets of drawings for each playground with a proposal price for each of the playgrounds identified” – does this mean (3) renderings of one design or three different design options per playground – for a total of 9 options?
A01	We are asking for one design per playground and three (3) copies of that single design per playground. If a proponent wishes to provide a variety of design options, we will require three (3) copies of each design option for our evaluation and review process.
Q02	Would you please elaborate what is meant by “creative and innovative structure and design”? Does this mean a non-traditional post and deck structure? Or just new and different products in terms of climbers, slides, etc.?
A02	The District has not specified details about which products to use. The District is looking for an ‘original’ design and ideas.
