

How to Use Your Curbside Collection Carts

The new cart system is easy! The program works almost exactly the same as your current curbside collection, except you'll use carts rather than cans and bags to put out your materials.

- Place carts out by 7:00 a.m. on your collection day.
- Garbage carts are collected once per week.
- Recycling and yard waste carts are collected on alternating weeks.

Remember these simple guidelines for using your carts:

Close it. Ensure the lid closes properly. Any over-filled bins where the contents obstruct the lid from completely closing will not be accepted. Tag-a-bags are available for additional garbage or yard & garden waste, and can be purchased at Municipal Hall or Work & Utilities for \$2.50/ea.

Park It! Place your carts on the street, with the wheels against the curb, if there is one, or just off the roadway on the shoulder if no curb exists. Do not place carts in bike lanes or block sidewalks. Carts must not be an obstacle for cyclists or pedestrians.

Point It! The arrow on the cart lid must point to the centre of the road.

Place it. Provide one metre (three feet) of clearance between carts and between adjacent obstructions; ensure the placement provides room for pedestrians and cyclists to pass and does not obstruct traffic or the path of snow plows.

Each cart has a different colour of lid, which represents what can be placed inside

Reasons to Separate Correctly:

- **Keep Costs Down:** Landfill space is expensive! Keep yard waste and recycling out to help save \$
- **Avoid Fines:** The District is subject to fines when the wrong things go into the carts
- **Keep Our Planet Healthy:** Landfills are filling up - do your part in making a difference!

Black Lid = Garbage

- Extra bags of garbage will not be collected unless affixed with 'tag-a-bag' sticker. These stickers can be purchased at Municipal Hall or Work & Utilities for \$2.50.
- Please do not place your garbage into your cart before your collection day, in order to reduce conflicts with wildlife.

Blue Lid = Recycle

- No more blue bags! Place all recyclable materials directly into the cart, loosely.

Accepted materials have not changed and include:

- Newspaper, inserts and flyers
- Magazines, catalogues or phone books
- Boxboard boxes (cereal, cracker and cookie boxes)
- Plastic bottles, jars and jugs (laundry and dish soap bottles and milk jugs)
- Plastic trays and clamshells such as takeout containers
- Plastic garden pots and seeding trays
- Paper egg cartons
- All household paper, envelopes, and shredded paper (please contain shredded paper in a plastic bag)
- All plastic or paper takeout cups, bowls and lids
- Cartons for soup and milk
- Paper bags from pet food, flour and sugar etc.
- Gift cards, paper gift bags and paper gift wrap (as long as it isn't metallic or shiny)
- Cardboard boxes and spiral wound cans and lids for frozen juice concentrate, chips, etc.
- Metal cans and empty aerosol cans (this does not include spray paint cans)
- Plastic tubs from yogurt and margarine

Materials that cannot be placed in your blue cart, but be recycled for FREE at the Summerland Landfill recycling depot include:

- Glass bottles and glass jars
- Foam packaging, meat trays, foam takeout containers and foam cushion packaging used to protect electronics etc.
- Soft Plastics such as plastic bags and overwrap (plastic grocery bags for produce, dry bulk foods, frozen vegetables, garden products, outer bags and product wraps such as bread bags and plastic wrap from paper towel)
- Lightbulbs
- Smoke and CO2 alarms
- Household paint
- Tires
- Scrap metal
- Oil, oil containers and filters
- Household batteries
- Agricultural plastics (separated)
- Pesticides
- Solvents
- Fertilizers

Green Lid = Yard Waste

The Yard and Garden Waste carts program is easy to use. Simply place the following items inside your cart with the green lid:

- grass clippings
- leaves
- pine needles and pine cones
- garden plants (e.g., corn and tomato stalks)
- branches and prunings

Do not put plastic bags, other containers, or food scraps/waste into this cart.

What to do with Extra Yard Waste?

- Turn it into compost for your yard or garden.
- Hold on to extra material until the next scheduled pickup.
- Purchase 'tag-a-bag' stickers from Municipal Hall or Works & Utilities for \$2.50 and place them on your customer-supplied container of yard waste. Put them out along with your full cart.
- Bring it to the landfill - it is free up to 500kg. You can also bring Untreated wood waste, and agricultural tree stumps/organic material
