Proposals not clearly demonstrating that they meet the following mandatory criteria will be excluded from further consideration in the evaluation process.

Mandatory Criteria:	
1	The Proposal must be received by the Closing Date and Time, in accordance with the requirements of Section 1.4 – RFP Timetable

3	The Submission of Proposal must be received in accordance with the requirements of Section 1.7 - Fee
4	The Proposal must include the following completed form: <ul style="list-style-type: none"> • Appendix A – Certification Form

SUMMERLAND SANITARY LANDFILL OZONE DEPLETING SUBSTANCES AND OTHER HALOCARBONS REMOVAL

8.2. Scored Criteria:

Proposals that meet all of the Mandatory Criteria will be further assessed against the following scored criteria.

Scored Criteria	Weighting	Minimum Score (Out of 100)
Total Fixed Lump Sum Price Per Unit Contract Price (based on Appendix B submission)	35%	N/A
Suitability of Method, Team & Schedule (based on Appendix C submission)	35%	50
Suitability of Proponent's Experience (based on Appendix D submission)	30%	50

Proposals that do not meet the minimum score within a scored criterion will not be evaluated further.

8.3. Scoring Method:

The following method will be used to score the scored criteria:

- Total Fixed Lump Sum Per Unit Contract Price: Total Fixed Lump Sum Per Unit Contract Price will be scored relative to other Proponents' Total Fixed Lump Sum Per Unit Contract Prices using the following formula:
 - $\text{Lowest Total Fixed Lump Sum Per Unit Contract Price} \div \text{Proponent's Total Fixed Lump Sum Per Unit Contract Price} \times \text{Weighting} = \text{Score}$
- Other Criteria: All other criterion (except Total Fixed Lump Sum Per Unit Contract Price) will be scored by the evaluation committee out of 100, which will then be multiplied by the Weighting factor to provide a weighted score.

8.4. Clarifications & Remedy Period:

Notwithstanding the requirements for mandatory criteria and scored criteria detailed in this Section 8, the District will allow the following remedies and clarifications at its sole discretion:

- consider and analyze Proposal submissions;
- reject any Proposal it considers not in its best interest;
- to request further details or clarification from the Proponent on aspects of a Proposal;
- to provide written notification to a Proponent which identifies any of the mandatory requirements not met and provide the Proponent with 5 calendar days to remedy and supply the requirements. This option to remedy missing requirements shall not apply to Proposals not received by the Closing Date and Time;
- to meet with the Proponents, either individually or collectively, to discuss the RFP and their submissions;
- after identifying the preferred Proponent, to negotiate any changes, amendments or modifications with the preferred Proponent, without offering the other Proponents the right to amend their Proposals;
- to cancel the RFP at any time without incurring liability to any Proponent;

SUMMERLAND SANITARY LANDFILL OZONE DEPLETING SUBSTANCES AND OTHER HALOCARBONS
REMOVAL

- to reject any or all Proposals;
- not to accept the Proposal with the lowest fee; and/or,
- to alter any aspects of the RFP in its sole discretion.

It is the nature of the RFP process that the RFP and/or the Proposal in response to the RFP will not constitute a binding Contract, but will only form the basis for the Contract, and does not mean that the Proposal is necessarily acceptable in the form submitted.

8.5. Ranking of Proponents:

Following completion of the evaluation against the scored criteria, the weighted scores for each Proposal will be added together, and Proposals will be ranked according to their total weighted scores. The Proponent with the highest-ranked Proposal will be invited to conclude a Contract with the District. In the event that two or more Proposals have an equal total weighted-scored, then the Proponent with the Lowest Total Price will be invited to enter into a Contract with the District.

8.6. Conclusion and Execution of a Contract:

Neither the District nor any Proponent will be legally bound to provide or purchase the Services until the execution of a written Contract. Following an invitation to a Proponent, by the District, to conclude a Contract, it is expected that the District and that Proponent would enter into discussions which may include, among other things:

- Clarification or amendment to the scope of work, plus any resulting price adjustments, based on items submitted in the Proposal.

The District would seek to execute a Contract within 30 days of issuing an invitation to the Proponent to conclude a Contract. If the District and Proponent do not, for any reason, execute a Contract within this time-period, the District may discontinue the process with that Proponent and invite the Proponent with the next-highest-ranked Proposal to conclude a Contract. The District may then continue this process until a Contract is executed, or there are no further Proponents, or the District otherwise elects to cancel the RFP process entirely. For clarity, the District may discontinue discussions with a Proponent if at any time the District is of the view that it will not be able to conclude a Contract with that Proponent.

9. Other Terms & Conditions of this RFP Process:

The following terms and conditions shall also apply to this RFP:

9.1. Proposals in English:

All Proposals are to be in the English language only.

9.2. Only One Entity as Proponent:

The District will accept Proposals where more than one organization or individual is proposed to deliver the Services, so long as the Proposal identifies only one entity that will be the lead entity and will be the Proponent with the sole responsibility to perform the Contract if executed. The District will only enter into a Contract with that one Proponent. Any other entity involved in delivering the Service should be listed as a Sub-Contractor. The Proponent may include the Sub-Contractor and its resources as part of the Proposal and the District will

accept this, as presented in the Proposal, in order to perform the evaluation. All Sub-Contractors to be used in the Service must be clearly identified in the Proposal, including their experience and references as required in Appendix D of Part D.

9.3. **Proposals to Contain All Content in Prescribed Forms:**
