

NEEDS ASSESSMENT FOR SUMMERLAND COMMUNITY RECREATION & HEALTH CENTRE

ONLINE OPEN HOUSE - SEPTEMBER 24, 2020

5pm

AQUATICS

Proper distance swimming pool - FINA etc! 25m min

Shallow end - not too shallow

incorporate exercise stations with a walking track

Slides, Lazy River

Add outdoor pool?

Separate warm pool for recoppe

In order for the local swim to raise money, the best way is to hold meets.

300+ Swimmers

Dry space required - maybe the Gym?

INDOOR RECREATION

Indoor tennis courts

The gym has been on the SSS PAC's top list of requests for close to 20 years. In desperate need of replacing.

in conjunction with the Food Bank - food security - planning, canning, pickling making good use of limited food resources

exercise stations with a walking track

review existing facilities with kitchens?

What might sport tourism and the benefits a sporting event could bring to local businesses?

Community Kitchen?

Weight room? Shared with Gym?

HEALTH CARE

Prevention makes sense... creating satellite Wellness Centres? - makes sense to combine with Recreation Centre

transitions from Primary Care to Community Health programs improved with combination - aids with bottlenecks

opportunities for students?

Continuity of transition from rehab to general community programs

reduce silos - find ways to mix age groups

GENERAL

location location LOCATION

near the Arena? not easy to get to, sidewalks are limited

space will be needed for the groups who use Harold Simpson Building; Boys & Girls club, Guiding, Scouting, Cadets, quilting club, kennel club etc.

All-in-one services great for accessibility

Note: Sidewalks are being addressed currently as part of separate project

Precedent:

Minoru Community Centre?
