

Project Description

Summerland's waterfront is a highly valuable part of the community's quality of life, culture, and identity.

The **Summerland Waterfront Concept Plan** project will set the direction for park land, beaches, amenities, swimming and water activities, and infrastructure spanning from **Peach Orchard Beach Park** boat launch to the south end of **Rotary Beach Park** and everything in between plus "Horse Beach" (16997 Lakeshore Drive).

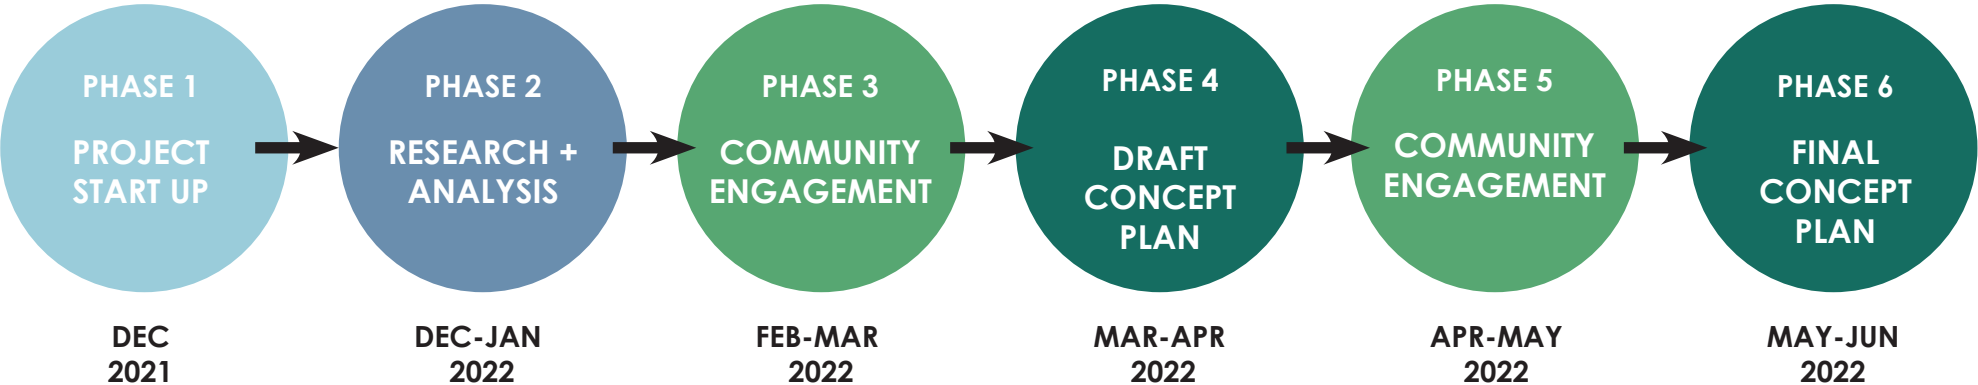

Objectives

- Provide a **long-term vision** for this public parkland and waterfront;
- Provide direction on **park management** and **protection of habitat**;
- Set priorities for **improving park amenities**, and
- Provide **implementation** recommendations over the next 10-15 years
